

Name: _____

My One and Only Me

By Tanya Montás Paris

I love my body head to toes

My hair

My eyes

My sparkly nose

My teeth that shine

A smile that's mine

I love my neck

That twists and turns

My lips

My hands

My wiggly germs

My shoulder

blades

That hug my

braids

I love my belly

That puffs and rumbles

My legs

My knees

My feet that stumble

My brownish skin

And happy grin

I love my body

From head to toes

Name: _____

A New Friend
By Tanya Montás Paris

My friend said my
skin was wrong
I touched my skin
and it felt right

My friend said my
hair was bad
I touched my hair and it
felt like cotton

My friend said I talked too funny
I heard my words sing in my ear

“You need a new friend”
